EFFECTIVE DATE: October 1, ~~2021~~2022

Residents will be charged according to the following schedule for those repairs and services which are the resident's responsibility. MAINTENANCE SERVICE AFTER REGULAR WORKING HOURS

Below are some listed guidelines for Maintenance personnel for responding to overtime callouts:

1. No heat (temperature in unit is below 65 degrees).
2. Possible gas leaks (odor of gas).
3. Break in water supply line.
4. No electricity causing loss of heat or refrigeration.
5. Stoppage in the main line of a sewer.
6. Refrigerator or stove not working—only if the entire unit is not functioning for example, if the burners work but the oven does not there will be **NO** after-hour response.
7. Any condition which causes danger to life or property.

Maintenance personnel on stand-by are contacted by the telephone answering service after regular working hours which are 8:00am-4:30pm Monday through Friday—excluding holidays. They are held accountable for responding on overtime to non-emergency work item that could have been delayed until regular hours. For these reasons the caller **MUST** leave their phone number. The Maintenance mechanic will return the call to obtain details and to determine whether an overtime call is warranted. **If the situation changes and you do not need a mechanic, be sure to call the answering service back to cancel your original call. Failure to cancel the call after the mechanic is dispatched will result in a charge to you of \$97.08.**
